

Argentine Deputies Vote For German Break

I. W. W.'s. Vowed To Kill Officers

(International News Service.)

Washington, Sept. 25.—Oaths to shoot their officers in the back and to administer poison to them in case they were drafted into the national army were taken by some members joining the I. W. W. and the Working Class Union, according to official information reaching here today.

In connection with the activities of these organizations, an effort was made to convince negroes of the south that 6,500,000 men, well organized, were ready to rise against the government of the United States and overthrow it. Aid from outside the United States was hinted at. The old plea for the negro to "rise against the whites" was used.

If documentary evidence sent for reaches here within the next two or three weeks it will be presented to congress. It is improbable that any action will be asked, but it will be read into the Congressional Record.

WILSON TO SAY IF HEFLIN PROBE

(International News Service.)

Washington, Sept. 25.—If President Wilson wants congress to investigate the charges made by Representative Hefflin of Alabama, and the remarks reflecting on some members of the house made by Representative Howard of Georgia, regarding the Bernstein "slush fund," it will be done. If the president does not desire the investigation, none will be held.

Two resolutions demanding that Mr. Hefflin and Mr. Howard prove their assertions will die in the rules committee, it was said today, unless the White House thinks it advisable to indicate that a probe will be considered wise.

Meanwhile, members of both parties in the house are urging action.

German Agents Sought to Spread Live Stock Disease

(International News Service.)

Chicago, Sept. 25.—Evidence that German agents, spread throughout the United States, planned to cause an epidemic of hoof and mouth disease among live stock in the United States through the spread of germs, is in her possession, according to a statement made by Mrs. Scott Durand, one of the best known woman farmers in America.

Pope is Preparing Another Peace Note

(International News Service.)

Geneva, Sept. 25.—Pope Benedict is already studying the form which his next peace note to the belligerents shall take, according to a "Rome dispatch today."

The message continues: "It is believed that the Pontiff knows the peace terms of the central powers and that the next Papal move will be written in accordance. Also there is belief that the replies of Germany and Austria-Hungary were intended for home consumption only. The date of the next Papal peace note is not known, but it is expected within a fortnight."

PRESIDENT CONFERS WITH TWO IMPORTANT COMMITTEES

(International News Service.)

Washington, Sept. 25.—For the first time since the declaration of war, President Wilson today conferred with the sub-committee of the senate committee on foreign relations and the house committee on foreign affairs. They discussed two important questions. 1—The alien slacker bill. 2—The proposal that members of the American congress attend the allied parliament.

GEN. SCOTT IN CHARGE OF ARMY TRAINING CAMP.

(International News Service.)

Washington, Sept. 25.—Before going to France, Maj. Gen. Hugh L. Scott, who has just retired as chief of staff, will have charge of an army training camp for a time, it was learned today.

WANTED—A first-class Job

Printer at this office.

DESERTER TELLS OF U-BOAT ATTACK

(International News Service.)

An American Port, Sept. 25.—First real story of the thrilling battle between American submarine chasers, conveying five troop ships bearing engineers to France, and a flotilla of German U-boats off the coast of France, was told here today by a former blue jacket who had enlisted in the engineers' corps, but who was recognized as a deserter from the navy and brought back.

UNCLE SAM TO OPERATE MINES

(International News Service.)

Washington, Sept. 25.—Unless the coal operators and miners adjust their differences in a very few days, the United States will take over and operate the mines. This assurance was given by a high government official to a United States senator today. It is understood that Dr. Garfield, food administrator, will deliver the ultimatum to the conference of mine operators and miners in this city tomorrow.

Paper Trust Fails To Keep Agreement

Charges Federal Trade Commission, Which Threatens Action.

(International News Service.)

Washington, Sept. 25.—The federal trade commission today moved to compel the newspaper print manufacturers to carry out their agreement with the commission to furnish publishers with paper at a more reasonable price.

Although the agreement was entered into six months ago, the commission announced that manufacturers had not carried out their promises and that scores of complaints had been filed by publishers.

Ship Builders Will Settle the Strike

(International News Service.)

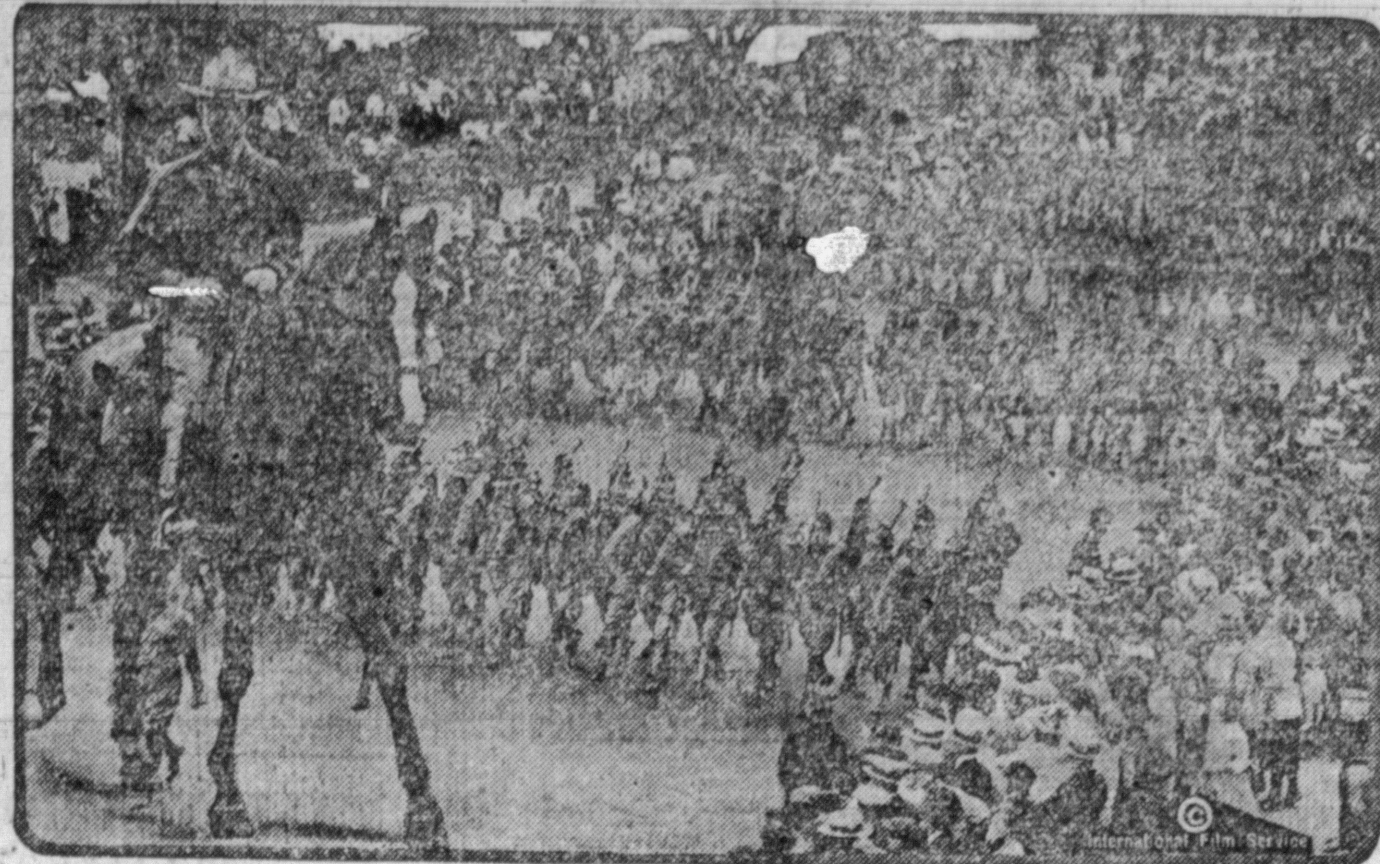

Portland, Ore., Sept. 25.—With more than 7,500 ship builders on strike in the Columbia river district and the industry practically at a standstill, Mayor Baker of this city has received a telegram from Samuel Gompers, president of the American Federation of Labor, saying the Pacific coast ship yard controversies will be settled in accordance with the decision reached in the San Francisco case.

Third Contingent Goes in October

(International News Service.)

Little Rock, Sept. 25.—Maj. John R. Fordyce, constructing quartermaster of Camp Pike, today received orders to vacate all buildings in the cantonment by Oct. 2 for the use of the second 40 per cent of drafted men who will begin arriving on the day following.

NEW YORK STATE TROOPS ON THEIR WAY TO CAMP

New York National Guardsmen, comprising now the Twenty-seventh division, U. S. A., parading down Fifth avenue before two million citizens, before going to the training camp. At the left Col. Cornelius Vanderbilt leading the Twenty-second engineers.

BOOSTER CLAN TO BANQUET; TRIP TO STATE FAIR OFF

As an appropriate finale of the season's activities, the Albany Boosters have planned a get-together banquet to be held early in October. This announcement was made today, following a meeting of the Booster executive committee on Monday.

Details of the banquet have not been completed. However, it is expected that all the business men of Albany, regardless of whether or not they have made the Booster trips, will attend. The purpose of the banquet, aside from promoting a get-together spirit, will be to arrange to make the Booster organization a permanent one, and to especially honor the Booster band, which has been an invaluable aid to the clan in spreading the gospel of trade expansion.

The Boosters have also concluded to cancel their trip to the Birmingham State Fair on October 11, owing to the fact that so much has already been accomplished by the Booster trips that the merchants feel that they will be unable to spare a day off that late in October.

German Officer Arrested By Skeggs

Birmingham, Ala., Sept. 25.—Adolph Brossier, of Collinsville, Ala., who was said to have admitted to federal authorities that he is a reserve officer of the German army, today was taken to Fort Oglethorpe, Ga., by United States Marshal Skeggs, where he will be interned for the period of the war. Federal officers have been investigating the case since August, when charges were made by citizens of the community, denouncing Brossier as an alien enemy. He is 35 years old.

Chattanooga Higher Ups Are Indicted

(International News Service.)

Chattanooga, Sept. 25.—Vice President F. W. Hoover and Superintendent J. R. Anderson of the Chattanooga Railway and Light Company, are named by the coroner's jury as "accessories" in the murder of Wm. Massingale by Sam O. Welch, an imported street car guard. They were placed under bond.

NO ARMISTICE.

(International News Service.)

Washington, Sept. 25.—An armistice before German and American troops meet on the battle field as suggested by Maximilian Harden is out of the question as matters now stand, state department officials declared today.

Men Called For Examination Oct 2

List of men ordered to report for examination on Tuesday, October 2, 1917:

Noah Warren, Austinville.
Elen T. Matthews, Falkville.
Edw. J. Thomas, Union Grove.
Andrew E. Brooks, Hartselle.
Chas. W. Gover, Albany.
William A. Pike, Eva.
Henry E. Sanders, Arab.
Arthur D. Farrer, Albany.
Blain Kelley, Albany.
James W. Syler, Decatur.
C. Lee Harp, Austinville.
Leland S. Humphrey, Somerville.
Cremor Bridgeforth (c), Decatur.
W. H. Carter, Albany.
Harrison Gill (c), Flint.
William Heycock, Albany.
Martin Garrison, Hartselle.
Robt. Bridgeforth (c), Decatur.
Ed Brown (c), Decatur.
Wm. L. Waits, Austinville.
Burns C. Almon, Hartselle.
Hillard L. Anders, Danville.
David L. Clements, Somerville.
Francis M. Gardner, Albany.
Ed Edmonson (c), Decatur.
Austin Jennings, Lacy Springs.
Ashley J. Finerty, Hartselle.
Simon L. Sorier, Hartselle.
Wm. L. A. Hallman, Danville.
John A. Campbell, Somerville.
Geo. E. Puckett, Albany.
David D. Norris, Flint.
Claburn M. Clark, Albany.
Glass Andrew (c), Hartselle.
Elmer Entriken, Somerville.
Jasper Free, Talucah.
Geo. G. Henry, Hartselle.
John W. Dublin, Albany.
Wm. O. Anders, Falkville.
Jacob C. Royer, Hartselle.
Casper B. Humphrey, Somerville.
Vernie Thompson (c), Flint.
Boston Garner (c), Albany.
Gilbert H. McKee, Somerville.
John Tarpley, Somerville.
Cleveland A. Tanner, Falkville.
Clemm Simpson (c), Decatur.
John W. Templeton, Hartselle.
Eric F. Pence, Hartselle.
Zeland Moore (c), Decatur.
Marvin M. Kitchens, Albany.
Geo. Kelley (c), Decatur.
Chas. C. Pfaff, Albany.
Chas. Weinberg, Decatur.
Fred Sitterson, Albany.
Charlie Johnson (c), Decatur.
Ewing Walker (c), Albany.
Grover C. Frazier, Albany.
Ed Maberry, Albany.
Wm. A. Fortenberry, Falkville.
Clarence T. Shafer, Decatur.
Ben C. Norris, Flint.
Chas. B. Calloway, Decatur.
Will D. Jones, Albany.
Nunie Gillingstone, Trinity.
Walter V. Wood, Lacon.
Walter Edely, Somerville.
Young B. Harper, Albany.
Leo Livingston, Falkville.
Dean W. Justice, Austinville.
Wm. H. Nunn, Falkville.
James Essex, Somerville.
Hence Stinson, Falkville.
Emmit R. Barkley, Hartselle.
Jessie Owens (c), Decatur.
Jim Silas (c), Decatur.
Wm. E. Ryan, Austinville.

(Continued on Page Two.)

WON'T EXAMINE THE TEN MILLION

UNLESS CONGRESS AMENDS THE PENDING APPROPRIATION BILL.

(International News Service.)

Washington, Sept. 25.—The senate today gave its attention to the biggest appropriation bill ever presented to a legislative body in the history of the world—the urgent deficiency bill, carrying nearly \$8,000,000,000 as amended by the senate appropriations committee.

So much legislation of a general character is contained in the measure that much fighting is expected before it goes to a final vote. It may not reach a vote until the end of the week.

The committee has included in the measure an amendment which it is believed will make it impossible for the war department to carry out its plan for immediately examining all of the 10,000,000 drafted men in order to establish the order in which they will be called to service. The committee provided an appropriation of \$6,000,000 for registration, but provided that none of the money should be used by the war department in examining any men beyond the 1,000,000 authorized in the draft act. This is expected to cause much debate.

BOOSTERS LEAVE FOR VALHERMOSA

The Albany Boosters left this morning for another invasion of the outlying towns in this district. One of the most important stops is at Valhermosa, where a circus is on the program and a great crowd is expected today at that thriving city.

Not as many cars were in line this morning as had been anticipated, owing to the fact that some of the merchants were unable to get away because of the business rush that is now on.

Strenuous bids are being made by the Boosters for the outlying trade. In the past has been going to other points, and already the efforts that are being put forth have been responsible for very good results.

Munition Plant is Wrecked By Explosion

(International News Service.)

Lowell, Mass., Sept. 25.—One man was killed and more than a dozen others injured when a terrific explosion wrecked the munition plant of the Newton Manufacturing Co. at Warrenville, three miles from here, today.

Three hundred others at work in the building at the time had narrow escapes.

ANOTHER NATION READY TO UNLEASH ITS WAR HOUNDS

President of South American Republic, a Pacifist, Has Final Say

LONDON ONCE MORE RAIDED FROM THE AIR

Russian Situation is Again Alarming. Convention Meets at Petrograd Tomorrow

(International News Service.)

London, Sept. 25.—Fifteen persons were killed and 70 wounded in London during the German air raid last night, it was officially announced today. Only one or possibly two of the German aeroplanes succeeded in reaching this city, so violent was the fire from high angle guns. Three women were wounded in a coast town attacked by Zeppelins. For the first time in many months the Germans used both airships and aeroplanes.

(International News Service.)

Buenos Aires, Sept. 25.—A diplomatic break with Germany now rests with the president of the republic. After a 24-hour session the chamber of deputies voted its support of the senate's resolution calling for a break with Germany, but before the action of the chamber becomes effective it must receive the approval of the executive. The president, it is said, has pacifist leanings, and it was a group of his followers who blocked action in the chamber last week after the senate had voted for a break.

Reports that the cables between Buenos Aires and New York had been cut were disproved by the receipt of the foregoing cablegram at the offices of the I. N. S. direct from Buenos Aires this afternoon.

(International News Service.)

London, Sept. 25.—Another violent artillery duel has developed on the West Flanders front, especially east of Ypres, the war office announced today. German attacks failed. On the northern end of the Somme front British raiders penetrated a German trench, capturing some prisoners.

(International News Service.)

Paris, Sept. 25.—Forces of Germans, supported by great showers of liquid fire, attacked the French forces on the Verdun front during the night, but were repulsed, the war office announced this afternoon. The fighting around Beaumont on the eastern side of the Meuse was especially severe.

(International News Service.)

Stockholm, Sept. 25.—"Organized anarchy" was the description given to the situation in Russia by travelers arriving here today from the Russian frontier. The radical element is said to be in control of Petrograd and disorders are occurring throughout the country.

THIRTY-FOUR AEROPLANES SHOT DOWN IN DAY.

(International News Service.)

London, Sept. 25.—All along the western front intense air activity is prevailing, according to the reports of the British, French and German war offices.

British and French flyers brought down 20 German machines, while the Germans claim to have accounted for 14 allied aeroplanes.

Dispatches from the front today saying that artillery fire is getting much heavier between St. Julien and the North Sea indicated that infantry fighting on the West Flanders front may be extended northward.

RUSSIAN CONVENTION WILL OPEN TOMORROW.

Petrograd, Sept. 25.—Large numbers of socialists, Maximalists, social democrats, sailors, workmen and peasants were gathering here today for the democratic convention which is scheduled to open tomorrow. There are now indications that the Bliseviki group of radicals may be successful in their endeavors to get control of the convention, and if they do so they will undoubtedly attempt to compel a re-organization of the ministry along lines favored by them.

BUENOS AIRES THREATENED WITH FOOD SHORTAGE.

(International News Service.)

Buenos Aires, Sept. 25.—Famine is threatened in this city by the general railroad strike.

It was estimated today that the city will be without its normal supply of meat, milk and vegetables by Thursday and that if the strike continues the shortage will be acute by Saturday. Some supplies can be brought in by boat, but it is feared that the railway leaders will try to extend the strike to the maritime workers.

The armed troops and police are generally maintaining good order. There are indications that German

Dreams of Conquest Still Trouble the Pan-German League

(International News Service.)

Amsterdam, Sept. 25.—The Pan-German league has issued a pamphlet telling the German people that the imperial government will exact an indemnity of \$8,750,000,000 from allies "when the war is won."

A copy of the pamphlet, which has just been received here, says that Germany will annex the following territories: Greater part of Belgium, a big district in northeastern France, the cities of Calais and Boulogne, the Suez canal, the Belgian Congo, the Canary Islands, Tunis, Morocco, the Azores, Madeira, Gibraltar, and part of the French and British colonies in Africa.

Spinal Meningitis Appears in Camp Of Alabama Troops

(International News Service.)

Camp Mills, Mineola, L. I., Sept. 25.—Germs of cerebro-spinal meningitis have been discovered in cultures taken from throats of members of the 167th Alabama regiment. All are now under strict quarantine. Officials say there is no cause for alarm.

Company E, the local military organization, is now at Camp Mills.

REPRESENTATIVE HEFFLIN HAS GREAT OPPORTUNITY.

Tom Hefflin, Alabama's fire-eating congressman, who recently charged that "13 or 14" members of the House had gotten in on the Von Bernstorff slush fund, has a great opportunity to increase the lustre of his name by proving the charges that he has made. North and South alike, knowing something of the Hefflin temperament and the Hefflin tendency to speak hastily, rather than calmly, Mr. Hefflin can do it in this emergency, and unless he does there is no question but that the Alabama member will lose prestige. He will also incur the enmity of many members whose records are not altogether clear and who do not care to have a "suspicion" issue sprung at this time.

Like Tom Lawson's historic "leak," the Hefflin charges may be true, but can they be proven? Unless they can, no matter how guilty the "13 or 14" may be, the brunt of the odium will attach to their author. Congress is a very sensitive body, where its honor is concerned, and there are too many members who cannot afford to countenance the reckless flinging of accusations that might possibly be accepted as true by the folks back home.

If German gold has corrupted any member of congress—and it very likely has—it is unfortunate that the fact cannot be substantiated. An investigation would do no harm. Hefflin's reckless statements may yet lead to the uncovering of some real scandal.

A BETTER IDEA OF STEEL TRUST PROFITS.

Since it has become necessary for America to win, the men who are directing the affairs of government are showing less regard for the high and powerful than was shown in times of peace. Day by day the profits—extortions would be a better word—of the big octopuses are being shaved. The last to come under the paring knife was the Steel Trust. On yesterday,

by agreement, the price of steel products was cut in half. There was no legal protest. President Gary even said, "On the whole, I believe the prices are fair and reasonable."

What must the profits of the steel combine have been before the price was cut in half? It is certain that every cent that was lopped off of the selling price of steel and iron products was clear velvet. It is reasonably certain that under the new order of things a good margin of profit was left. In fact, it is entirely probable that the steel corporation will yet garner a hundred per cent of gain.

Revelations, every day more startling, of the vice-like grip with which the big corporations have held the American public, are likely to cause a decided change of sentiment toward government ownership. Government control, in the past, under alleged anti-trust laws, is shown to have been a silly farce.

LAY ON McDUFF.

"Be bloody, bold and resolute; laugh to scorn the power of man, 'For none of woman-born shall harm Macbeth."

In the early part of the war Germany is reported to have laid great store by Shakespeare. The tragedy "Macbeth" (except the last part) must have fascinated the Kaiser, especially the lines from it quoted above. For the Kaiser's moves seem to have been dictated by the same philosophy that the witches gave to Macbeth. Only the Kaiser got his directions from university professors like Nietzsche, who said weakness was the only crime; that morality was desirable only as it contributed to strength and that the ends of the state were so great that moral law and individual rights were to be made subservient to it. The state, of course, meant the young Kaiser, just as Louis XIV of France was the state once, or said he was. The witches said the same in effect to Macbeth in the quotation above. Ambition's road of crime was trod alike by Macbeth and the Kaiser. The latter opened up by forcing a war as a stepping stone to world power. And in its early days he even said he could conquer the world. He "laughed to scorn the power of man."

Macbeth started for a throne by the blood-route. He killed his friend Duncan as a starter, while the Kaiser invaded, murdered and raped friendly and neutral Belgium. Macbeth, going on his way, next killed Malcolm and got away with it. The Kaiser secondly shoots down cathedrals, then sinks the Lusitania and thereby murders a thousand; shoots up hospital ships, beats Belgians into slavery against The Hague tribunal's decree, and finally he broke his legal pledge last January to the United States.

The Kaiser got by with all this, but when he did actually sink three empty home-bound American vessels one Saturday night, his hand was called by the great American congress sitting at Washington. Macbeth, keeping on his way to power, did seem to show that the witches were right, that "none of woman-born could harm Macbeth," until this ambition-slave murdered McDuff's wife and children. Then there was a mighty uprising and the fatal words went forth that meant Macbeth's fall and death: "Lay on, McDuff, and damned be he who first cries 'hold enough!'"

Those great lovers of righteousness, whether they always do right or not, the American people, are saying now with the rest of the civilized world: "Lay on, Haig; lay on, Cardona; lay on, Petain; lay on, Pershing; lay on, Kerensky, and damned be he who first cries 'hold enough,' until Kaiserism is forever destroyed from the earth!"

NOTICE.

MORTGAGE SALE.

UNDER AND BY VIRTUE of a mortgage executed to the undersigned, New Morgan County Building & Loan Association, by Wm. W. Baugh, and Eliza Baugh, on the 25th day of March, 1910, on the property hereinafter described, for the purpose of securing an indebtedness of four hundred fifty dollars to said Association, the said Association, will, for the purpose of satisfying said mortgage, or so much thereof as practicable, proceed to sell at public outcry, to the highest and best bidder for cash, within the hours of legal sale, at the door of the court house in Decatur, Alabama, on the 16th day of October, 1917, the following described property conveyed by said mortgage, to-wit:

Lots three (3) and four (4) of John A. Thomason's subdivision of lots 1, 2, 3, 4 and 5, of Block 50, Addition No. 1 of the Decatur Land Improvement & Furnace Company to the city of Decatur, Morgan County, Alabama, situated in Decatur, Alabama.

Dated this 14th day of September, 1917.
NEW MORGAN COUNTY BUILDING & LOAN ASSOCIATION.

AMUSEMENTS

CAPACITY HOUSE GREETED THE NEICES AND NEPHEWS OF UNCLE SAM AT MASONIC LAST NIGHT.

The Masonic theatre gave one of the very best shows last night that Albany has had the pleasure of seeing. The Neices and Nephews of Uncle Sam, headed by Don Nichols and Thelma Goodwin, are an A-1 company in every respect. One of the most notable things about the show was its cleanliness, which was more than appreciated.

James Stanton and Johnny Mattie handle the comedy roles and are a scream from start to finish. The little lady that does a solo song and dance was appreciated greatly, her work being grace in every move. Miss Vasdell played a very pleasing character which got over nicely. Taking the company as a whole, it is exceptionally good.

Tonight's bill will be equally as good, if not better, than last night's—"The Prince of Milwaukee."

RICHARD BUEHLER AT MASONIC THURSDAY NIGHT IN "BELIEVE ME XANTIPPE."

That Klaw & Erlanger, who are booking the tour of Richard Buehler in the Harvard prize play, "Believe Me Xantippe," consider this one of the most important attractions booked through them, is evident by the fact that they are sending Mr. Buehler over the same identical route that he played for four seasons under their management in the title part of their stupendous production of "Ben Hur." Of course, that production was of such magnitude that it was only possible to play the very largest theatres in the principal cities, and they evidently believe that Mr. Buehler will prove a paying attraction in these theatres or they would not arrange for him to appear there. However, although "Believe Me Xantippe" requires a carload of scenery for its presentation, it is possible for Mr. Buehler this season to play a few cities where he has never before been seen and he is sufficiently well known both as a dramatic and film star so that he should and probably will, draw crowded houses in the few smaller cities he will play this season. The engagement for the Masonic theatre is for one performance, Thursday night, only. The company coming direct from a three days' engagement at the Vendome theatre, Nashville, and going from here to Birmingham, where they will play Friday and Saturday at the Jefferson theatre, leaving there Sunday for a three days' engagement at Memphis and playing the following week at the Tulane theatre, New Orleans, the leading high price theatre of that city. There is an ex-

Whiting To Appear At the County Fair

H. H. Whiting, of the U. S. department of agriculture, will be at the Morgan county fair to make demonstrations and discuss dairy topics with the farmers, according to notice received here by J. R. Clopton, of the Decatur Ice Cream Company, from S. C. Thompson, in charge of dairy manufacturing investigations. Mr. Whiting has advised that the date of his visit will be Sept. 27.

Two Drafted Men Yet To Hear From

Ivey P. Weaver, of Somerville, and William M. Larrimore, of Lake View, Ga., draft soldiers, have not as yet reported to the local exemption board.

So far the local office has no information regarding the failure of these men to show up, but it is expected that they will put in an appearance within a few days, as it is more than probable that they have failed to receive their notices yet. This was the case of Bevie Pannell, John S. McElroy and Walter T. Griffin, all of whom reported some days ago, the delay being caused from receiving their orders at a late date.

Men Called For Examination Oct 2

Exceptionally large advance sale for the engagement here and every seat in the theatre will probably be sold long before the rise of the curtain.

Cure chills and fever with Quinotone. 25-5t

GERMAN OBSERVATION POST

This picture of a German concrete observation post at a point in France now in the hands of the French gives an idea of the elaborate manner in which the Germans make war.

THINGS WORTH KNOWING

Mr. Whitney is 14,602 feet high. Arabs predominate in old Tunis. American glass is used in China. Tunis is governed really by the French.

A windmill in Europe grinds grain into flour for a baker and then mixes and kneads it into dough.

Almost automatic in its operations is a new cabinet for quickly developing X-ray photographs for dentists.

Quinotone will put the "pop" back in your step. 25-5t

MASSEY SCHOOL FOR BOYS PULASKI, TENNESSEE.

About the Principal, F. M. Massey.

"You get the boys to work and they seem to enjoy it," W. W. Alexander, Pastor, M. E. Church, S., Murfreesboro, Tenn.
"Fortunate is the boy who can stay with Mr. Massey for four years," Wm. H. Johnston, Pres. Elder, Murfreesboro District, Tenn. Conference.

"It gives me pleasure to commend Prof. F. M. Massey as a Christian gentleman and to commend his school," Collins Denny, Bishop, Methodist Church, South.

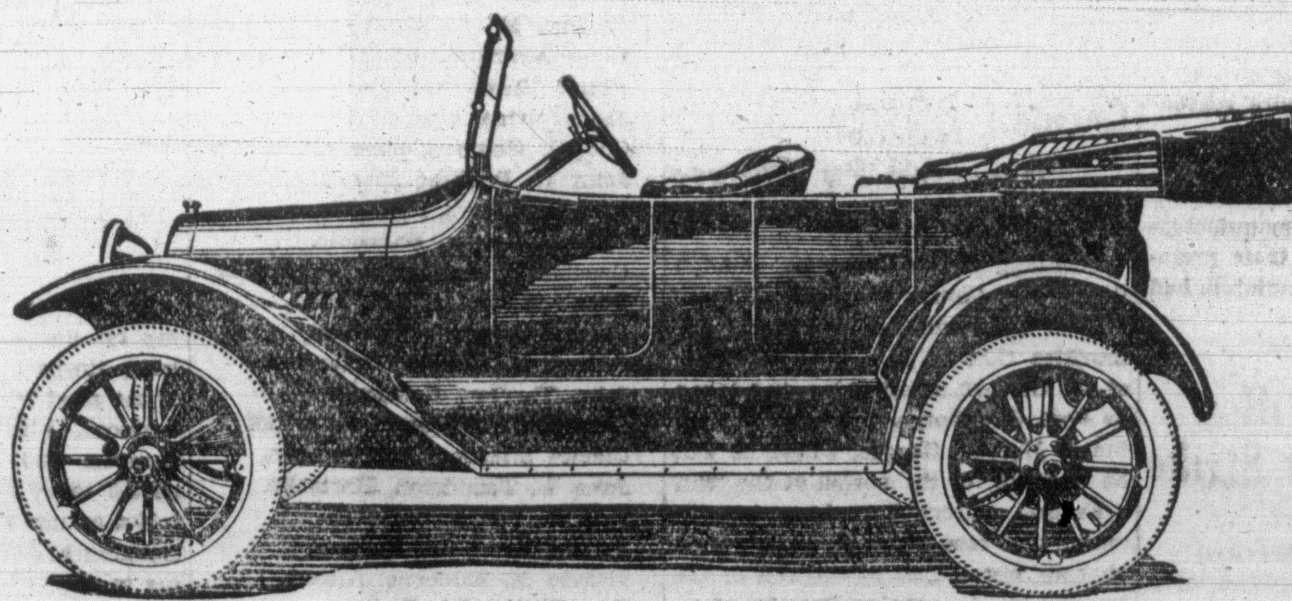

Comradeship is the key-note of Prof. Massey's notable success. He enters into the life of the boy and commands his respect and loyalty—leads and instructs him to appreciate the nobler things of life. Massey School is a good place to send your boy. Write for catalogue or further information. Address:

F. M. MASSEY,
Principal

Pulaski,
Tennessee.

Rental Property In Albany-Decatur Profitable

Most of the fortunes in the United States had for their foundation wise investments in Real Estate. If you will observe that when a man makes a success in any line of business it is usually the procedure to invest the profits in REAL ESTATE.

Albany-Decatur Real Estate has always proved profitable. Upon investigation we find that rental property has produced good revenue for its owners. We need more modern rental property. The Homes as designed by "Ye Planry" and illustrated each week in the Albany-Decatur Daily would prove very profitable as rental property. Watch this page.

Houses Are Not Complete Without Electric Lights

Homes in Decatur and Albany may be wired at a small cost and owners will be given twelve months time to pay for the wiring, if they desire it. Call at our office for information.

Terms may be as low as \$2.00 per month

A full line of Gas Ranges, Gas Heaters and all Gas and Electrical Appliances to make home comfortable

Alabama Power Co.

Albany-Decatur Operations

Plumbing should be considered the most important part of a home or building as to health or service.

The difference in first cost between good and cheap Plumbing is a small matter, when compared with the danger of your health and up keep.

Plumbing is a part of the building, expensive to change after once installed. Not like your roof or your furniture.

Our aim is for first class installations, with consideration for your health and good service in return for money paid.

We Furnish and Connect from Street to the Roof.

(Call) Phone 64, Albany

Sanitary Plumbing Co.

JERRIE CLARK

Unique, Original Economical

A design some one has aptly termed, "The most original design for a small home." It breathes an air of refinement and is not noticeable for freakishness, as it is for its novel and unique exterior. The broad concrete floored porch with its brick columns supporting a broken gable roof, flanked by pergolas, gives the home a distinctive appearance. One predominating feature of the exterior is the brick ledge effect used as a support to the bay window on the side forming part of the chimney.

The interior is as cozy and charming as the exterior is novel and unique. A massive colonnade separates living and dining rooms; adjoining the living room is a den, which may be utilized for a music room. The kitchen contains all the "Ye Planry" built-in conveniences, cupboards, drain-board, closets, etc. Ample closet space is provided for in the bed-rooms. The sleeping porch may be glassed-in, making an ideal sun parlor or sewing room.

This home demonstrates that attractiveness may be incorporated into home building without adding to the cost of construction.

FURNITURE, STOVES and RANGES

Morgan Furniture Co.

SECOND AVENUE

Cold Wave Coming

The approaching winter will bring with it the customary dread of lugging in coal and carrying out ashes, to say nothing of the dust and dirt it scatters through the house. And after all the labor and drudgery it takes. The results obtained with old fashion stoves and grates are not satisfactory. While a well planned system of Steam or Hot Water Heating will keep the entire house comfortable, as well as keep all the coal and ashes in the basement.

It is only a matter of time until all homes will be equipped with this convenience, just as they are now with baths, lights, telephones, etc.

Why put off from time to time such important improvement in your home. The longer you wait the shorter will be your days of comfort. Just call or drop a card for an estimate and any information you desire concerning your requirements will be given prompt attention.

Does Renting Pay?

First we will take the man who is paying \$15.00 per month. We figure ten years because there is any number of men in Albany and Decatur who have been renting that long.

Twelve months rent at \$15.00 is\$ 180.00

Ten years' rent at \$180.00 is\$1,800.00

What have you to show for it? (Wait until you miss a month.) A big sign hung on the door—"FOR RENT," by some real estate man or an individual who just had a little more nerve than you had ten years ago.

You have rented ten years and paid for a house and lot which is still there—so are you, and still paying \$15.00 per month to get to stay.

Let us explain our Monthly Payment Plan and help you to be the owner of a HOME, not a PLACE.

DECATUR, ALA.

Modern Rental Property A Good Investment

Much has been written and said pro and con regarding rental property as a profitable investment; but when one investigates and considers the question from all angles, and opinion is invariably reached—that modern, up-to-date rental property is profitable.

The day is past when those who are not home owners are content to live in shacks and "former" homes; whose exteriors advertise the fact "I used to be attractive." For the tenant of today is educated to wanting modern attractive places of abode as is the home builder.

Too many of our American cities have for citizens a class who do not want to make improvements; they own valuable vacant property, but will not build, contenting themselves with the thought maybe it will double in value, wanting the other fellow to do the help it grow, forgetting that taxes on vacant property is an expense. That class of citizens are "leaches," "slackers," "shirkers" and "quitters"—real estate gamblers willing to take the accrued profits, but not wanting to aid in the development of their city by building or making improvements.

Real estate is the basis of all wealth, but it is not the vacant property that is productive, but the improved; many people are land poor, but they could be improved rich.

The tenants of today are willing to pay the rental on improved and attractive homes and we can best solve the problem by asking a question:

Why do the shacks and out-of-date houses remain untenanted or are vacant six months in the year when the modern rent houses are leased by the year?

You know the answer—because modern rental property attracts the best paying tenants; therefore, it is a profitable investment.

The future growth of Albany-Decatur depends on building modern rent houses to accommodate our new citizens.

Are we going to suffer for the lack of proper accommodations? We think not.

Everything in Hardware for Builders

It is the most important to select the best hardware for that new home or building.

That brings you here, for we make a point of carrying nothing but the best builder's hardware that adds not only to the beauty of a building but to its selling value as well.

The Sash and door Locks, Hinges, Etc., are a very small part of a building, but will repay many times for the cost and trouble of proper selection. Cheap goods are a continual source of trouble and worry.

We are prepared to name interesting prices on the complete hardware for any style of building from the humble cottage to the largest office building.

Yes sir! We also sell the best building Tools—all moderately priced.

YOU PAY-LESS

Don't try to save money buying cheap or big-can Baking Powders. You can't do it. You'll throw out more in spoiled bakings than you save on price of the powder. And don't think that old style high priced powders are best because they cost most. They are not.

CALUMET BAKING POWDER

has proved in millions of bake-day tests that it is the best baking powder ever made. It is the biggest selling baking powder in the world today. No other baking powder makes such temptingly good—tender wholesome bakings. No baking powder of any where near the same quality is sold at such a low price.

You use less of Calumet—because it is the highest grade baking powder. One teaspoonful is equal to two teaspoonfuls of most other brands.

And there is no "luck" about it when you use Calumet. No loss. It is absolutely sure. It is the most economical of all. Millions of housewives use it—and so do leading domestic science teachers and cooking experts.

You save when you buy it—You save when you use it. Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

SOCIETY

Margaret Clinton Shelton, Phone 682, Albany

Mrs. Nona Folk, of Anniston, was the guest of friends here en route home from Huntsville, where she visited her daughter, Mrs. James Allen Fuller.

Mrs. B. B. Pickens and Miss Marjorie Miller returned last night from a week's visit to friends at Nashville, Tenn. They were accompanied home by little Dorothy Ewing, daughter of Mr. and Mrs. James Ewing, formerly of this city.

Mrs. O. D. Carney, of Greenbrier, was the guest of relatives here today.

Miss Kathleen Almon left for Bristol, Va., today to enter Sullings.

Miss Kathleen Brock returned from Birmingham, where she resigned a position at the B. C. M. News.

Miss Mabel Parker left this afternoon for Bristol, Va., to enter Sullings school.

Mrs. Jas. A. Duncan, who visited Mrs. D. D. McGehee over Sunday, left this afternoon for Athens.

Mrs. W. M. Owen and children leave Wednesday for Birmingham to visit her mother, Mrs. Julia A. McWilliams.

Mrs. John Knight and daughter, Jane, left this afternoon for Hendersonville, N. C., to place Jane at Fessenden for the year. Mrs. Knight will then go to Lincoln, N. C., to be the guest of her sister, Mrs. J. B. Reece.

Mrs. Fred Knight and children left Sunday morning to join Mr. Knight at Washington, where they will reside in future.

Mrs. O. D. Carney is visiting her daughter, Mrs. C. M. Byllard, at the residence of H. N. Binford on Grant street.

Miss Margaret Clarkson returned today from Belle Mina, where she visited friends.

Mrs. H. H. Hunter, who is ill at her home on Sixth avenue, is reported somewhat improved.

A Quaker had got himself into trouble with the authorities and the sheriff called to escort him to the lockup.

"Is your husband in?" he inquired of the good wife who came to the door.

"My husband will see thee," she replied. "Come in."

The sheriff entered, was bidden to make himself at home and was hospitably entertained for half an hour, but no husband appeared. At last the sheriff grew impatient.

"Look here," he said, "I thought you said your husband would see me!"

"He has seen thee," was the calm reply, "but he did not like thy looks and has gone another way."

Equal to Nerve Tonic.
"Hear about the robbery last night?" asked the proprietor of the corner grocery.

"No," replied the early customer.

"Where did it occur?"

"Right here," said the grocer.

"Thieves broke into my store, and among other things that are missing are three barrels of sugar!"

"That being the case," remarked the e. c., "I suppose they will have sand enough to tackle a bank the next time."

PUTTING HIM RIGHT.

"Say, weary, ain't youse one uv dem fellers wot don't berlieve in doin' two t'ings ter wunst?"

"Two t'ings? Why, I'm one uv dem chaps wot don't berlieve in doin' one t'ing at wunst."

Why the Lamp Went Out.
In the parlor there were three. She, the parlor lamp, and he; Two is company, no doubt, So the little lamp went out!

An Antidote for Agents.
"I have here a little treatise on the evils of the Australian school system as against the effects of toe dancing during the pre-glacial period. It should be in every home."

"I'll buy one if you'll cash this check for me," said the long-sufferer. But the book agent was gone.

OLD BLACK JOE.

1
Gone are the days when my heart was young and gay;

Gone are my friends from the cotton fields away;

Gone from the earth to a better land, I know,

I hear their gentle voices calling, "Old Black Joe!"

CHORUS.

I'm coming, I'm coming,

For my head is bending low;

I hear those gentle voices calling, "Old Black Joe!"

2
Why do I weep when my heart should feel no pain?

Why do I sigh that my friends come not again,

Grieving for forms now departed long ago?

I hear their gentle voices calling, "Old Black Joe!"

3
Where are the hearts once so happy and so free?

The children so dear, that I held upon my knee?

Gone to the shore where my soul has long'd to go,

I hear their gentle voices calling, "Old Black Joe!"

PERSONALS

W. B. Buckner, of Cincinnati, is in the city.

Judge John C. Eyster returned today from a business trip to Mobile.

Wilmer Hall has returned from a visit to friends at Birmingham.

Howard Barnes is suffering an attack of malarial fever.

H. N. Binford will return from Nashville tonight, where he accompanied Mrs. Binford, who has just undergone a successful operation for appendicitis.

E. D. Carney returned to Birmingham Monday, having visited his mother, Mrs. O. D. Carney, at the Binford home on Grant street.

Fred M. Sittason failed on the physical examination for the United States navy at Montgomery yesterday.

SEEK CURE OF ELECTROLYSIS

Government Experts Aid in Installing System to Prevent Damage to Metal Structures.

The damage done annually to underground pipes, cables and other metal structures in this country by electrolysis amounts to many millions of dollars. There are very few water, gas or lead cable systems that are not more or less subject at some points to electrolytic damage from stray currents. Moreover, the loss does not consist merely in the shortening of the life of such structures; electrolytic damage is one of the causes of the leakage of water and gas from distribution systems. The failure of such systems on account of electrolytic action may also involve various dangers to the life and health of human beings. According to the bureau of standards more than 25 separate and distinct methods of dealing with the electrolysis problem have been proposed and experimented with from time to time. Some of these methods are useless, or even harmful. The bureau of standards has been studying the subject of electrolysis mitigation for the last six years, and has aided in installing complete mitigative systems in several cities. The bureau makes somewhat detailed tests in each of these places about once a year to make sure that the protective systems are being properly maintained. An extended series of experiments has recently been undertaken in the city of Springfield, Mass., with the so-called three wire system of electric railway operation; a system which offers considerable promise for the mitigation of electrolysis troubles under certain conditions frequently met with in cities.

IT'S THE SAME OLD WORLD

Letters of Deserted Wife to Husband, Written 2,000 Years Ago, Unearthed in Ancient Ruins.

A wife's letter 2,000 years old was unearthed recently in the ruins of the Serapoum, the temple of Memphis, the great city of ancient Egypt. The letter was written by Isis to her husband, Hephæstion, who had deserted her. There were two letters, in fact, the first bearing a date equivalent to July 24, 100 B. C. In them the wife reproaches her husband for neglect of his family and, what is particularly interesting at the present time, she complains of the high cost of living.

Here are some extracts from the first letter: "Isis to Hephæstion, her husband. Greetings—if you are well and other things are turning out with you according to your wishes, it would be as I perpetually pray the gods. I myself am in good health, and the child and all in the house make mention of you continually. When I received your letter from Hesus, in which you explained that you were in retreat in the Serapoum at Memphis, I immediately gave thanks to the gods that you were well. But that you do not return distresses me. For having piloted myself and your child through such a crisis and having come to the last extremity because of the high cost of corn, and thinking that your return would bring me relief, you have never even thought of returning or spared a look for my helpless state."

Look for Quinone in your druggist's window.

Decatur Red Cross Clears Over Five Hundred Dollars

Handsome Sum Netted By Chapter Through Last Week's Street Fair

More than \$500—to be exact \$527.65—was cleared by the Decatur chapter of the American Red Cross last week through the street fair, which played at Decatur under its auspices. Pretty girls all week long served as ticket takers, while various business men of Decatur assisted W. E. Crawford in looking after other details. The fund raised will be used in buying yarns, needles and various materials used by the Red Cross in fashioning garments for the soldier boys.

Post Card Day Is Being Considered

Novel Plan to Advertise Albany May be Adopted.

A "Post Card Day" to advertise the city of Albany is being considered by the Albany Boosters.

The idea as outlined provides for sending at least 25,000 post cards with Albany views on them by local citizens to friends in every part of the world. Or the number might be

doubled if 10,000 people in Albany would each agree to send five post cards each.

It is suggested that citizens might send the ordinary view card, government postal cards or some special card gotten up by the Albany Board of Commerce for the occasion, the idea being to tell at least 25,000 people in all parts of the country of the new name for the city. The idea is boosted as being a highly effective means of advertising the city as well as a very inexpensive scheme, as five picture post cards can be bought and mailed for a few cents.

Yom Kipper Begins At Sundown Today

Local Jewish Congregation to Hold Services Tonight and Tomorrow.

Services on Yom Kipper will be held by the local Jewish congregation Tuesday evening at 8 o'clock and on Wednesday morning at 10 o'clock. The subjects of the sermons will be "Sins of Commission and Omission" and "Equality Before God."

At the setting of the sun Tuesday, September 25, Jewry everywhere will begin the twenty-four-hour observance of the holiest-day in their religious calendar. Yom Kipper (Day of Atonement) is the great Fast of Israel, for Orthodox and Reform alike, who feel the throbs of Israel's historical consciousness. It is Israel's Sabbath of Sabbaths, and it has a firm hold on the Jew because its poetic poetry appeals to his soul, and gives voice to his faith.

Atonement is effected by humbling oneself before God in sincere penitence, in abstaining from all worldly pursuits and pleasures, by a day of devout devotion, and thus fully feel the grief of sin and the beauty and holiness of the correct life.

The devout Jew spends the entire day in the synagogue. "For a day in thy courts is better than a thousand elsewhere." A memorial service in memory of the departed, including the great servants of humanity, forms an important part of the solemn atonement service.

PROPAGANDISTS BUSY.

(International News Service.) Washington, Sept. 25.—German propagandists in the United States were uncovered in a new role today. According to officials of the food administration, organized efforts are being made to discredit the new government agency through literature circulated among ignorant persons.

Appeals to Miners To Continue Work

(International News Service.) Washington, Sept. 25.—Dr. Harry A. Garfield, fuel administrator, appealed to miners and operators of the central fields, at all cost to avoid a strike as the miners' opened their fight here today for increased pay.

ENTHUSIASTIC MEETING OF WAR LIBRARY COMMITTEE

At a meeting of the central and key committee of the war library fund last night at the Y. M. C. A. the reports showed \$112 of Albany's \$200 assessment had been collected. The committees were enthusiastic and confident that if all the members are active the whole \$200 will be collected at once.

Hear what Hon. R. B. Fosdick, chairman of the commission on training camp activities, says of conditions without this library:

On the Mexican border last summer I can remember that in some of those lonely camps, as the train stopped at the watering tank, the soldiers would go through, asking if we had anything to read—a book, a magazine, or even a newspaper. They were absolutely without anything to read, and often had nothing to do.

A condition like that will never occur again if we do our duty. We must remember "that every day in our life is a day in our history." None of us can perform our patriotic duty by proxy.

It is an opportunity, a privilege to help in this great work. Other towns and cities are meeting every cent assessed against them, and I am sure Albany is as good as the best.

Meeting of both committees at 7:30 p. m. Thursday at the Y. M. C. A. Every member expected to be present.

SAMUEL BLACKWELL,
Chairman.

QUINOTONE

THE BRACING TONIC

Better than Quinine for Chills, Fever and Malaria

Hundreds of people who find it disagreeable to use Quinine and Calomel in the treatment of malaria, chills and fever will be glad to learn that a pleasant and effective substitute for these drugs has at last been perfected. "QUINOTONE" is the name of this newly discovered remedy which contains neither Quinine or Calomel, and yet is just as safe, just as certain, and a great deal quicker in effect than any remedy containing such drugs. It is composed of six vegetable ingredients in scientific combination with Pepsin and Iron.

MOST PEOPLE NEED QUINOTONE

Of all ills peculiar to the South, Malaria is perhaps the most prevalent. Few people indeed can live long in this climate without contracting Malaria in one form or another. With some, it takes the form of chills and fever; others are bothered frequently with "summer" cold; with other cases, it goes no further than a condition of weakness and general debility. When you hear your friends complain of feeling achy, half sick, or dull and lazy, it's a pretty certain sign that they have contracted a mild form of this disease—and you can't recommend a better remedy than QUINOTONE.

Why You Should Use and Recommend Quinotone:

Because It Is Prompt in Effect

The tonic effect of Quinotone is easily noticeable after the first few doses. You'll be surprised at the great difference just a few days will make. It puts a keen edge on the appetite, brings back that "pep" and buoyant, bounding energy, makes you feel like a brand new person. If you are tired, run down and all "out of sorts" you can't use a better medicine than Quinotone.

Because Delicate Stomachs Don't Dread Quinotone

Although it is not a sweet, "sticky" medicine, most people will find Quinotone very pleasant to take indeed. There is just enough "tang" in its spicy flavor to whip up a jaded appetite and make every meal taste right. You'll enjoy them, too, right down to the last bite, because Quinotone is rich with pure Pepsin and cannot injure the most delicate stomach.

A Broad Guarantee

Quinotone is guaranteed to be an absolutely SAFE medicine, one that can be used under any and all conditions. It contains no Arsenic, Strychnine, Mercury or Quinine Sulphate. It is also guaranteed to satisfy every user or money cheerfully refunded. Do you know of any sensationally advertised "cure-all" that carries this honest guarantee?

Because It Is Fine for Malaria But Contains No Quinine

Although Quinotone contains no Quinine Sulphate, many people have found it most helpful in the treatment of the various forms of malaria. It does not cause the head to buzz or the ears to ring, and is really a great deal more prompt in effect than any remedy containing Quinine. If you suffer with malaria, chills or fever, take Quinotone. It will do you good.

Because It Acts On the Liver

You do not have to take calomel, pills or salts with Quinotone. It contains certain drugs which make 333 Liver Tonic such an effective liver medicine. Its laxative effect is gentle, but thorough enough for the required result. It is very mild and gentle in action, and may be safely used by children as well as "grown ups."

When You Need Quinotone

If you feel lazy, sluggish and dull. If you suffer with frequent headache. If your skin is thick and scaly, or your tongue badly coated. If sleep does not refresh you, or if you feel achy, "mean" and half-sick most of the time. If you lack appetite, energy and healthy vitality. If you suffer from any of these conditions, a few days' use of Quinotone should bring about a most gratifying change.

QUINOTONE is put up in big fifty cent packages. You can buy it from us, or from any other good drug store. To prevent possible confusion, ask for genuine "Quinotone" and see that every package bears our name as manufacturers.

Complete Organization Of The Albany Red Cross

At a meeting held recently at the Y. M. C. A., of the Albany Red Cross chapter, Mrs. A. A. Hardage was put on the purchasing committee and Mrs. H. E. Sanders on co-operation. These were in addition to the committee members and officials heretofore published. The permanent organization is now affected and meetings will be held each week.

The chapter starts out with a membership of between 300 and 400.

The order, under its temporary organization, have been doing an immense amount of work for several months in preparing the necessary hospital supplies to be used for care of our wounded boys, who soon are to take their places in the trenches to fight for humanity, freedom and democracy and to forever crush Prussian militarism.

The purpose of the Red Cross is one that should appeal to every man, woman and child in our community, and therefore it is the sacred duty of everyone who has red blood coursing through their veins to do their bit to help win the war for humanity and liberty.

The population of Albany justifies a membership for the local chapter of several thousand. This is not an extravagant estimate, it's reasonably possible, if our citizenship will only awaken up to the necessities that lie before them.

During the war our citizens will be many times approached with appeals for material help to alleviate the sufferings of those much less fortunate than we. In our solicitations for help we hope to find no slackers, who show a willingness to let the other fellow bear the burden.

Experts Tonight At Decatur City Hall; Albany Wednesday

Richard M. Hobbie, the state special food demonstrator, will be at the Decatur city hall tonight at 8 o'clock, together with two expert demonstrators, and some very valuable points on food conservation will be given to the large audience that is expected to be present.

Mr. Hobbie and his co-workers have made a thorough and exhaustive study of the food situation down to the smallest details, and first-hand information that he will impart at this meeting should prove of invaluable assistance to the farmers and merchants of this section.

Mr. Hobbie and his demonstrators will also be at the Albany Board of Commerce tomorrow afternoon at 2:30, where a similar demonstration and lecture will be given.

agents are behind the strike agitators and an investigation may be made by the government.

The Argentine navy is being mobilized, evidently in fear of an extension of the strike to shipping.

HOME RULE FIGHT IS SPREADING TO INDIA.

(International News Service.)

London, Sept. 25.—The Home Rule fight which Ireland has monopolized so long has now spread to India. To allay any agitation while explaining the political reforms which the home government has in mind is one of the tasks which will fall to Edwin Montague, secretary to India, when he leaves for Bombay later in the fall.

SOCIETY WOMAN IS MAYOR

Leader of Philadelphia "400" Accepts Offer of Job as Chief Executive of Florida Town.

Florida has crossed the Rubicon of woman suffrage, according to a Moore Haven (Fla.) correspondent of the Philadelphia Ledger. The population of this city has petitioned a Philadelphia society woman who has been farming a 2,000-acre ranch in the famous Everglades to accept the mayoralty of this city. She has accepted after the two man candidates personally requested her to take the office. Mrs. George Quintard Horwitz, the new mayor-to-be of this city, the first woman to break through the stone suffrage wall on the solid South, is one of the most widely-known women in the North.

In Philadelphia she has taken the lead in social, philanthropic and relief movements. In Florida she has answered the call of the nation for food-stuffs. She gave up her winter home in Palm Beach and took up the development of her estate in the Everglades. As the result she shipped from her farm more than fifty earloads of potatoes.

She will ship from that same farm in a few months more than 30,000 bushels of corn, hundreds of hogs and many head of cattle. She is now preparing to plant hundreds of additional acres of foodstuffs.

Moore Haven was incorporated several months ago and it is the only city in the state with equal franchise rights for men and women. At a mass meeting two men were nominated for the mayoralty. The fight promised to be spirited before the election.

The next morning one of the candidates asked Mrs. Horwitz to serve. She answered that if the people wanted her she would accept. A petition signed by all qualified voters was handed her that night.

Big Force Working On Hosiery Mill

Work on the Decatur Hosiery Mill is proceeding rapidly, a corps of about twenty-five men and several teams working on the job, and the remodeling of the building is being carried forward at a satisfactory speed.

When the building has been thoroughly overhauled installation of the machinery will begin at once. This machinery is of massive proportions and a staff of experts will be sent to Decatur to supervise the assembling of the parts.

Margaret Knight

ALASKA BUGS BUSY AS BEES

Mosquitoes Also Are Numerous and Make Life Unpleasant for Farmers in the Far North.

Reports from every corner of the town, where the little garden has been nurtured into healthful life by master, maid and millady, are constantly appearing to the effect that the gardens are being completely wiped out, or rather cut off, by a diminutive insect, apparently, at first blush, harmless, the Anchorage Democrat states. The lettuce and cabbage seem to afford the best food for the pestiferous little bug and the only barrier that will stop him is a quantity of lye water sprinkled around each individual plant. The homesteaders, too, are troubled much in the same way, and unless some means may be developed, and one more practical than the lye water for big crops, the season's return will not be as ample as expected.

And the bug is not alone proving a pest to the farmer. The mosquito this year is making life on the farm anything but pleasant, and, in fact, the swarms of them appearing day and night not only retard much of the necessary farm work, but practically make some of it impossible. This year more than any other in the last three years the mosquito has proved a most harassing little winged devil.
